ANNUAL REPORT | 2015 • 2016

The future begins here.

New Outdoor Classroom Pavilion

This multi-purpose Outdoor Classroom Pavilion originated from a grant request submitted by GLHS science teacher Beth Rhodes during the GLCS Foundation's 2014-2015 "Year of Science" when we focused our efforts on building awareness of and excitement for the vast array of education and career opportunities in Science, Technology, Engineering and Math (STEM).

Mrs. Rhodes envisioned a space where teachers from all buildings and grade levels could convene class near the outdoor classroom space which is used for a myriad of lessons on ecology, biology, weather and more. The pavilion provides an area not only for instruction, but also for students to record, discuss and analyze their observations. The pavilion houses a storage space to store materials and tools for teachers to use collaboratively. Teachers from all disciplines and grade-levels have expressed interest and excitement in using this versatile space.

This project was made possible with additional support from these companies/organizations: • AVB, general contracting • Gull Lake Area Rotary Club, funding • Kingscott, architectural drawings • Lockshore Farms Custom Seeding, landscaping • Sherriff-Goslin, roofing • Walt Stafford, excavating

Dear Community Member,

In 2015-2016 we awarded \$96,760 in grants—that's a 30 percent increase over last year—and we also increased the scholarships awarded by \$9,000!

How is that possible? It's made possible by a community that, year after year, demonstrates how highly it values excellence in education by supporting the GLCS Foundation and our mission: to expand and enhance education at Gull Lake Community Schools.

Our efforts this past year provided a number of opportunities for students and staff and benefitted every building in our district. For example, students now have a program to hone and demonstrate their debate skills, staff attended professional development conferences, students continued to gain life skills through multi-year character development programs, and there is now an Outdoor Classroom for students and staff from every building to utilize for anything from science to art!

We hope you are as proud of the programs, grants and scholarships in this Annual Report as we are because you helped make them possible.

Thank you for investing in the future of our students and community.

The future begins here.

Sincerely,

A handwritten signature in black ink, reading 'Chris Rundle'.

Chris Rundle
Executive Director
GLCS Superintendent

A handwritten signature in black ink, reading 'Maria Gagnon-Markucki'.

Maria Gagnon-Markucki

Distinguished Academic Scholars

Seniors with a GPA of 3.9 or above.

Gull Lake Community Schools Foundation honors the top students from Gull Lake High School as part of the district's Distinguished Academic Scholars program. This program recognizes seniors who have earned a 3.9 or higher grade point average during high school.

A special evening was held at Gull Lake Country Club to honor the top graduating seniors from the class of 2016. During the evening, 51 students were recognized, as well as their parents, and one honored staff member of each student's choice.
